# How to:
# Use the app to check-in to a venue

Customer instructions for using the Check In Scotland app.

**1** Download the Test and Protect Check In Scotland app.

**2** Open the app and select **Next**. Enter your name and phone number, or an alternative contact method, and select **Save details**.

**3** When you visit a venue, look to see if there is a Test and Protect Check In Scotland QR poster on display. If there is, open the Check In Scotland app and select **Scan QR code**.

**4** This will activate your phone's camera. Point your camera at the QR code on the poster to scan.

**5** You'll then receive confirmation that you've successfully checked-in to the venue. The time and date of your visit will be stored on the app. It will not be sent or shared with anyone else.

**6** When leaving the venue select **Check-out**. The time and date will be stored on the app. It will not be sent or shared with anyone else. If you closed the app after your successful check-in, reopen the Check In Scotland app and it will display the screen for venue check-out.

**7** You may be contacted by NHS contact tracers to notify that you have recently visited a venue where you may have come into contact with coronavirus (COVID-19).
